INSURANCE OFFICES.

Highly Important to Farmers.

The only Exclusive Farmers' Insurance Company in the West.

THE MADISON MUTUAL,

Located at Madison, Wisconsin.

THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible Companies.

All losses promptly paid at this office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other; consequently you will have no losses, only your own of the same class, and all will be on an equal footing.

Experience has shown that two thirds if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops, and such like property. In this Company all such property is rejected POSITIVELY by LETTING THEM ALONE.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last fourteen months we *have not had a single dollar loss*, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

Capital over $165,000—in Cash and Premium Notes.

THIS Company offers unrivalled facilities for the insurance of Buildings and Personal Property against fire. The advantages offered, are security beyond the reach of contingency, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incomparable care with which losses are settled. During the last five years, this Company have issued 2000 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar. Its business is principally confined to this State.

IT STANDS PRE-eminent for its curative powers in all the diseases for which it is recommended usually called

Female Complaints.

Of these are Prolapsus Uteri, or Falling of the Womb, Fluor Albus, or Whites, Chronic Inflammation, and Ulceration of the Womb, Incidental Hemorrhage or Flooding, Painful, Suppressed and Irregular Menstruation, &c., with all their accompanying evils, (Cancer excepted,) no matter how severe or how long standing.

The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in better condition.

I have no hesitation in saying Dr Marchisi's Uterine Catholicon is invaluable in uterine diseases generally. I have used it in Fluor Albus, Amenorrhoea, Prolapsus Uteri, and in cases of extensive ulceration of the vagina and os uteri. It is worthy of the notice of the Faculty.

JOHN C. ORRICK, M. D., Baltimore, Md.

The Catholicon is doing good service here. All the patients that have tried the medicine have been benefitted but one—and that one [illegible] will help.

Truly Yours,
WM LAIRD HAZLETT, M. D.,
July 6th, 1854 New Philadelphia, Ohio.

I must say, from my own experience and personal observation in my practice, it has proved to be the best and safest remedy for the difficulties for which it is recommended, viz: that of female weakness, such as Prolapsus Uteri, Fluor Albus and all irregular and painful menstruation, and diseases of Irritation of the female organs.

M. & M. RAIL ROAD.—The track is again clear [illegible] the train from Madison yesterday got in at about 4 P. M. It was thought that the Freight [illegible] would get through during the night.

Doings at Madison.

The trains are running regularly once more, [illegible] to bring up our report of proceedings of the Legislature to date. But the space occupied by our Madison letters excludes several other articles and communications designed for to-day's paper. The Legislature is making good progress, and will doubtless get through its work and adjourn by the middle of March, which will be [illegible] month on its "democratic" professions.

The Festival for the Poor.

The Promenade Concert and Donation Party at Young's Hall, last night, for the benefit of the poor of our City, was a triumphant success. The public responded most generously to the appeal made to their sympathies. The Hall was densely crowded throughout the evening, the number in attendance being variously estimated at from fifteen hundred to two thousand. Liberal contributions in money, fuel, food and clothing were also made, as well by those who attended as by those who were kept away by other engagements.

It is believed that upwards of *Two Thousand* Dollars was secured from the festival. It was, as was hoped it would be, the crowning entertainment of the season.

Lake Shore Rail Road.

The Kenosha *Telegraph & Tribune*, whose faith has not been of the strongest in regard to the speedy completion of this important thoroughfare between Chicago and Milwaukee, is now satisfied that the signs are all favorable for the desired consummation. The *Telegraph* reports that both the heavy bridges in that vicinity, one in the city limits, the other three miles north, are within 10 to 20 days of completion. It describes these structures as very substantial ones; that across the river, being [illegible] feet long and 20 ft. high, and that in Kenosha City, 700 feet long and 25 feet high. The *Telegraph* is informed that all the iron necessary to lay the track from the State line to that point has been purchased, and is now on its way by rail. There is enough iron here to lay the track from Milwaukee to Kenosha.—The *Telegraph* hence concludes that the 1st of April will see the road finished, and a Locomotive running through from Chicago to Milwaukee.

HIGH FARES OF A SHORT RAIL ROAD.—The Panama Rail Road, connecting by iron ties the Atlantic and Pacific Oceans, was opened for through travel on the 28th of January. The arrival of the first train at Panama on that day created not a little excitement among the natives, to whom the Iron Horse was a *startling novelty*. The road is already doing an immense business and at rates of fare that may *safely* be called remunerating. The distance is 50 miles and the Passenger fare $25, or *fifty* cents per mile. Passengers' baggage 10 cts per lb; gold, [illegible] of one per cent; ordinary freight, 1, 2 [illegible] cts per pound, according to class.

SNOW IN THE NORTH.—We learn from the Appleton Crescent of Tuesday last that the storm of Sunday brought an addition of nearly *eighteen* inches to the stock of snow already on [illegible]. The storm appears to have extended all over the State.

BUSINESS OF MADISON.—The Madison *Journal* publishes statistics of the business of our State Capital in the past year, showing a total value of Produce, Lumber, Wood and Merchandise sold there of $2,400,000. The articles manufactured there amount to $513,000, and among the items are Flour $[illegible], Building Stone (dressed), $[illegible]000, Lager Beer, $50,000; Brick, $50,000; Lumber and Shingles, $50,000.

LUNATIC ASYLUM CONTRACT.—The *Wisconsin* [illegible] of yesterday, has a "favorable allusion" to this subject in the shape of a notice of the Asylum, a report of the Superintendent and his "plan." The plan contemplates a building with a frontage of [illegible] *feet* and *upwards*, and *twelve* "*wings*"—the whole to cost something like *half a million* of dollars, and the contract prices being extravagant. We submit that our State is not yet able to embark in any such costly enterprise.

THE SICKNESS IN GENESEE.—Mr. Isaac Corbin writes to the *Free Democrat* that there are now [illegible] persons sick with the typhoid fever in Genesee, yet all are believed to be convalescent, and that only one death has occurred [illegible] this winter from that disease.

The Militia of the United States.

The Secretary of War, on the 31st ult., transmitted to Congress a report relative to the militia of the United States. The effective militia force of the country is stated as follows:

Infantry	Commissioned officers	45,02[illegible]
	Non commissioned and privates	1,709,3[illegible]
Cavalry	Commissioned officers	[illegible]10
	Non-commissioned and privates	12[illegible]
Riflemen	Commissioned officers	[illegible]
	Non commissioned and privates	[illegible],456
Aggregate		[illegible],491,1[illegible]

Military stores now in possession of the different States:

Muskets,	225,103	Loose balls,	140,0[illegible]0
Bayonets	122,796	lbs rifle powder,	4,552
Ball cartridges,	23,798	Swords,	21,990
Carbines	750	Cavalry swords	3,701
Rifles	50,002	Horsemen's pistols	10,605

☞ The News thus fully endorses Gen. Cass' formal repudiation of the "Democratic" doctrine of instructions.—[Sentinel.

[illegible] has never "repudiated" the doctrine of instructions. In the speech, whose tenor the [illegible] misstates, he mentions the *limitations* of the right, and advocates it to that extent.—News.

It is easy, if the "instructions" suit him, to obey them; if not, not. His *repudiation* of the doctrine was both practical and theoretical — [illegible] another illustration of Sham Democracy the most [illegible] imposture of the day.

THE SENATORSHIP.—The Appleton *Crescent*, Dem., in an article on the election of Mr. Durkee to the U. S. Senate says:

> He [Durkee] is every inch a MAN. There is no 'double-facedness' or 'double dealing' about him. He advocates *certain* principles because he believes in them, and he would be quite as likely to lay down his life as his principles — Locally speaking, this section of the State loses nothing by the election

A DEMOCRATIC PUBLICATION.—The Appleton *Crescent*, a Democratic paper, gives the following account of the present condition of things in the ranks of the Wisconsin democracy:

> The Democratic Party of Wisconsin is passing through a chemical political process. When this State Administration and its little retinue of corruptionists—the dregs of Democracy, the Hired Hessians whose daily prayers are for another opportunity to "raise the wind" at the expense of the State—when this lazzaroni is all driven into the "outer darkness" of political obscurity, the Democratic Party of Wisconsin will again plant its standard on the State Capitol, and permit Justice and Equity to exert their legitimate sway. But now, hundreds upon hundreds of sturdy Democrats, provoked beyond measure at the iniquities perpetrated in this State in the name of Democracy, stand entirely aloof, coalesce with Republicanism, or patiently wait for the day of reckoning.

☞ The Secretary of State of Wisconsin, an Administration Democrat, pays the Republicans of the Legislature a high compliment. Last year, the postage, printing, pay of Legislature, chief clerks, secretary, and sergeant at arms, cost the State the sum of $63,067 76. The estimates for the same service this year $27,625. The Secretary intends to put these public servants on short allowance this year, or else we must conclude that "the stealings," last year, were enor-

From Madison.

EDITORIAL CORRESPONDENCE OF THE SENTINEL.

Madison, Feb. 13, 1855.

I sent this afternoon a brief abstract of the Bank Comptroller's Report. We have yet to receive the Reports of the School Superintendent, Regents of the University, State Prison Comm'r and some others. Probably they *may* make their appearance before the session is over, in which case I *will* make abstracts of them.

I have been much interested in the examination of the collection of the State Historical Society. The labors of the indefatigible Secretary, Mr. Draper, aided by the state appropriation of last year ($500,) have been successful in gathering some 4 or 500 volumes of valuable historical works, and a host of other articles appropriate to such a collection, many of which are inestimable. It is not too much to say, that of the 31 states of the Union, there are probably not 10 whose historical collection is as good as this of the young society of which I write this brief notice,—and this is the work of a single year. I do not believe that of the whole expenditure of the past year, any ten thousand dollars has done so much good to the real, permanent interests of the State as this $500. The Governor's recommendation of a salary for the Secretary goes rather too far; but it is hoped that this Legislature will not reform away that excellent law which makes the annual appropriation to the Society.

In Senate this morning, bills were introduced:

By Mr. Adams, charter of Columbus Collegiate Institute.

By Mr. Bashford, amending charter of Oshkosh.

By Mr. McGarry, " " " Milwaukee—(it is some provision relative to tax title deeds.)

By same, providing for an inspection of provisions, &c.

By Mr. Loy, amending charter of Taycheedah & Green Bay Plank R. Co.

By Mr. Wakely, providing means for payment of tax on suits by Circuit Clerks.

By Mr. Gibson, for a state road.

Resolutions:

By Mr. Giles, calling upon the Bank Comptroller for certain information.

By Mr. West, (Joint) to adjourn on the 5th of March.

The Senate was in Committee of the Whole most of the morning. During a brief visit to their Chamber, Judge Dunn was explaining the adverse action of the Judiciary Committee upon a bill which proposed to provide penalties for damage to or destruction of trees, fences, &c., &c.—He read a Section of the Revised Statutes which already provides very severe penalties for such offences. The section ought to be printed in handbills and posted throughout our city several times a year, as a warning to the wanton destroyers of shade trees.

In Assembly, 9 A. M.

Messrs. Stevens, Williston, *Sherman*, Hollenbeck, and Van Nostrand were announced as the select committee on *the* Documentary History and Historical Society bills.

Petitions, &c.:

By Mr. P. H. Smith, 2 for Liquor Law.

By Mr. Blaizor, for taxation of church property.

By Mr. Stevens, for a state road.

By Mr. Griffin, for division of Milwaukee Co.

By Mr. Colley, for a law providing for arbitration of matters in suit.

By Mr. H. Grant, for a state road.

By Mr. Randall, account of C. L. Sholes.

Bills introduced:

By Mr. Vilas, amending Sec. 42, chap. 10[illegible] R. S.

By Mr. Stevens, legalizing acts of Supervisors of certain towns.

By Mr. P. H. Smith, amending statutes concerning elections.

By Mr. Kirkpatrick, charter of Sugar River Valley Railroad Co.

By Mr. Whirry, for dam on Baraboo river.

do Stevens, changing time of town meetings in Clark county.

By Mr. Falvey, charter of Racine Gas Light Company.

Resolutions:

By Mr. Randall, for joint committee to devise some plan for carrying on a thorough investigation of the matter of the Sec'y of State's, Treasurer's and School Land offices—*Adopted.*

By Mr. Colley, granting the Hall to Monsieur Canderbeck for a *concert*. This was unceremoniously *tabled*. Mr. Colley stated that he presented the *resolution by request.*

By Mr. Virgin, instructing the Committee on *Printing to enquire as to the* matter of the Documentary History, its cost and probable future expenses.

Among the Reports of Committees, bills for *appropriations for* last year's services came in from the Committee on Claims. Mr. O'Neill, *from select committee*, reported the Census Bill. (It provides that before the 1st of July, the Secretary shall send the necessary blanks to the Sheriffs, and the Sheriffs to the Town Clerks or Clerks of Corporations, who shall take the census, beginning on the 1st of July, and being allowed a reasonable time to make their returns — They are to receive payment at a certain rate for the first thousand, &c., increasing with the diminished average of number of persons to the square mile, that is allowing the greater compensation to the clerk who, in thinly settled counties, shall be obliged to travel most to obtain the statistics.

Mr. Parker, who is absent on the State Prison commission, was excused *from* service on the Lunatic Asylum Committee, and Mr. Randall appointed.

On motion of Mr. Sherman, the vote yesterday *refusing* to pass the bill concerning the auditing of accounts and payment of money, was reconsidered, and the bill was referred to the Judiciary Committee. A bill which provides for a method of finishing up the business of appeals from justices' courts, which was cut off by removing civil jurisdiction from county courts, was referred to the same committee.

In Committee of the whole, twenty six bills were read through. The principal discussion was upon the bill of appropriation to John White and one giving construction to the law of last winter concerning the school fund accounts.

On the first, Messrs Gary, O'Neill, Bennett and Randall took part, the first against the bill, the next two for it, and the last in explanation of the Judiciary Committee's report in its favor. The bill was laid on the table for further examination.

On the other bill, which was introduced by Mr. Randall, and proposes so to construe the act of last winter as not to countenance the establishment of a new and expensive Land Bureau now that the lands are mostly sold, Mr. Stevens moved its reference to a select committee and perpetrated the excellent joke that *before this Bureau was established*, there were many errors in the accounts in the office of School Lands. (That is so, the Commissioners reporting in page 27 errors to the amount of $40,977,44 in the School Land accounts, and on Page 32, errors of $10,359,10 in the University Land accounts. But these errors are nothing to the enormous ones thus far discovered in the Reports of *this* year.) Mr. Stevens further took occasion to say that Mr. Randall seemed scarcely capable of judging fairly about these things. This was said in allusion to a motion to refer the bill to the Judiciary Committee.

Mr. Randall said that he had acted in reference to this and other bills in accordance with what he thought his duty to the state, and in no other manner. He hoped *the bill would* go to a Select Committee, since he was satisfied that *a fair examination of it would vindicate its* justice.

Mr. Ebbets did not see the necessity of the law. (Somehow there are several members who *cannot* see the necessity of laws prohibiting state officers from exceeding the bounds of propriety.)

The bill went to the select committee.

After the Report of the Committee of the whole was disposed of, a communication from the Commissioners of School Lands was read in reply to the resolution asking for information as to the disposal of large quantities of lands &c.

They say, in regard to the sale of these lands without any of the principal being paid, that the law requires them to take the lands sold as secu-

predecessors thought them sufficient in the sales which *they* made, and they think the lands good security for those made the past year, and do not anticipate that in case of forfeiture the lands will fall below the appraisement. They add that the certificate given to the purchasers gives them no right to cut off any timber except what is necessary for firewood, fencing, &c.; and that they have no right to demand any of the principal.—They say that the lands stand entered in the names in which they were first entered—and that not over one fifth of those sold (say 60,000 acres) are pine lands. I am not sure that I understood this portion of the Report *correctly, but* the statement is made that only a small proportion were *pine lands. The Commissioners give* as a reason for the delay that the Report has cost a great deal of labor.

The communication was referred to the Committee on State Lands.

Mr. Virgin now moved to take up his joint resolution to adjourn finally on the 12th of March.

Mr. Vilas moved to strike out "Monday, 12th of March." He said that while there was a law on the statute book against labor on Sundays, it was not right for the Legislature to select a day for adjournment, which would keep all the machinery of legislation work all that day.

Mr. McIndoe moved to insert "Wednesday 7th." The motion to strike out "Monday 12th" was carried. Mr. Bennett moved Tuesday 6th. Mr. Field moved Tuesday 13th, which was carried on a division, 27 to 26. Things were thus going along swimmingly, when Mr. Stevens moved to table the resolution, pending which question, Mr. Goss moved to adjourn, which motion was carried.

The cars from Milwaukee arrived *in* time this noon, but the snow is coming down rapidly and drifting, and we expect detentions again. For the past two days we have had abundant opportunity to "

Mark the soft-falling snow,
And the descending rain—

And now the snow comes again, falling furiously fast.

The House is quite full again, many of the absentees having returned. W. H. W.

P. S. 8 P. M. I mail this letter with exceeding care, as, from the whirling, driving, drifting of the heavy snow this evening, I am under some apprehension that it may not reach you for a fortnight or more. W. H. W.

Madison, Feb. 14, 1855.

As we expected, the travellers hitherward from Milwaukee in the 4 P M run, due here at 9 P M last night, found "Jordan a hard road to travel." We learn from passengers that they found little *difficulty in getting to Milton*, being but three quarters of an hour behind time; but did not reach Stoughton till midnight, and after working for a mile or two in the drifts, ran back to Stoughton and remained till daylight, when they pushed on again, and worked through the 16 miles to this place by 11 A M to-day. The Snow-King is doing a grand business this winter. He has held up a little *to day*, and we begin to see daylight again.

The good-natured face of our county treasurer is visible here to-day, its owner *having* brought up some $22,000 of state taxes, with which to *reinforce* the treasury.

In Senate this morning, Mr. Sutherland presented a communication from the Common Council of Janesville, *praying that in* any action in regard to the R. R. V. U. R. R. their interests may be protected. The memorial has reference to the bill which proposes to authorize the sale of the Wisconsin end of the road, and its consolidation with the other.

A joint resolution passed, authorizing the committee on the Lunatic Asylum to act jointly with the Assembly committee on the *same* subject.

The joint resolution to adjourn on the 5th of March was tabled, 10 to 7.

Mr. West, from committee, made a report *in* favor of a bill allowing the payment of taxes in bills on our State Banks which are in good standing.

The following bills passed:

Appropriating $186 06 to C K Lord for plats.

Amending charter of Fond du Lac.

Amending chapter 108, Revised Statutes.

Repealing charter of St. Louis Falls and Namadji Rail Road.

Changing name of J. Allcock.

In Assembly, petitions were presented:

By Mr. Downs, 2 for state roads.

do Bond, for a prohibitory liquor law.

Bills introduced:

By Mr Downs, amending section 213, chapter 88 Rev Stat, as to justices' courts, *appeals, &c.*

By Mr Falvey, charter of Racine Library Ass'n.

do do " Welch Calvinistic Society.

By Mr. Stevens, amending chap. 62, local laws of '54.

By *Mr. Vliet*, changing name of F. O. Rousman to F. O. Knapp—rules suspended and this bill passed.

Under the head of Reports of *Committees, Mr.* Rood, on behalf of two members of the Committee on Town and County organization, made report in regard to the Iowa County seat question. They say that about 1300 have petitioned for, and 2000 *against* the removal or vote upon the subject—that Dodgeville is only 7 miles from Mineral Pt. and the latter has excellent county buildings already. They conclude with *a recommendation* to postpone the subject indefinitely.

Mr. Pratt stated that he, with another member of the committee, should make another report—the fifth member being sick.

Mr. Randall, from Judiciary Committee, reported favorably on a bill amending the election law so that sailors and students should neither gain nor lose a residence by their presence *in different* places from their ordinary residence, and a bill regulating elections in certain counties.

Bills passed:

Charter of Big Foot Academy.

Appropriations to Tibbits & Gordon, $1069; Bradford Bros., $412,65; J. Holnhan, $62,00; D. Artz, $24,00; M. Martin, $102,00; C. B. Ellis, $82,50; S. Chapman, $3,62; *Menhart &* Wms., $378,75; Livsey & Carroll, $327,46; A. Whittemore & Co., $846,42; Donaldson & Tredway $130; P. Carmody, $154; M. Martin 2d, $47; Campbell, Brush & Co., $1166.

Total $4742; all of it coming over from last year.

A resolution by Mr. Fisher, calling on the Commissioners of School Lands to *explain the* enormous errors in the footings of the tables of their Reports, was adopted. (The errors referred to are in the tables on pages 6 and 7, and the following are instances:

16th Section lands;

Error in number of acres sold, about 58,000 acres.
" " " " unsold, " 14,000 "
" Amount sold for, " $130,000
" " " of principal paid, $16,000
" " " interest paid, $5,000
" " " balance due, $100,000

And do. in number of acres of 550,000 acre tract sold, about 115,000 acres.

Is it not about time that these errors were explained? These are the Reports, you know, to which the Governor *refers* the Legislature for *information.*

Mr. Vilas introduced a joint resolution, directing the Treasurer to pay out such money as he receives, and not to deposit the State Funds with any Bank or broker.

Considering the very emphatic denial a few days since of any such management of the funds, made by the Treasurer and his Assistant, this resolution created considerable interest; and it was particularly remarkable that no man ventured to deny that such deposits had been made, so notorious is the fact in Madison!

Mr. Giles said that the Treasurer had *received* for taxes a large quantity of money of the banks of this State, which had been deposited in one bank in this place, which bank was thus able to pay out bills of other States which were at a discount, and send the State money home for redemption, thus embarrassing other institutions. He thought that the Treasurer had meant well by receiving *safe State bills*; but no bank or broker ought to be thus enabled by the State to embarrass others.

Mr. Van Nostrand asked whether the *resolution* would remedy the evil.

Mr Vilas thought it would; if not, a law could be passed.

Mr. Gary recalled the fact of the denial of such *management of the funds, in a communication* which had been referred to his committee.

Mr. Stevens thought the Treasurer, being liable under his bond, could deposit the money where he pleased.

Mr. Earnest spoke in favor of the resolution.

Mr. Virgin moved to amend by providing that the Treasurer should not receive anything but specie for taxes. He advocated the amendment at some length.

Mr Hooper suggested that this would not be fair for those who had, under the Treasurer's circular, sent up bank bills.

Mr. Stevens moved an amendment, the gist of which I did not understand, but in his remarks he stated that he believed the Treasurer had a right to do what he *pleased with the funds*, being liable under his bond. He might put them in his woodhouse, or carry them in his hat, if he liked.

Mr Vilas opposed very earnestly this view of the Treasurer's duties. He had no such power. The State had a vault and safe for the safe-keeping of the State funds.

The amendments were voted down, and the resolution was *adopted* by a vote of 35 to 27.

Mr Pratt reported, for himself and another, in favor of allowing a vote on the removal of the

The Joint Resolution in regard to the Lunatic *Asylum* Committees acting in concert, was adopted. The Committee is earnestly at work, examining witnesses, &c., and it is understood, will be able so to report as to let the State *out of* the jaws of this $500,000 monster, which threatens to swallow it.

The magnificent plan adopted by the committee, shows a building of 802 *(eight hundred and two) feet front!* and following the projections of the 12 wings around, measuring about 2330 feet in circuit.

In Committee, 19 bills were disposed of.

Mr. W. Grant moved to take up the resolution for final adjournment.

Mr. Randall moved to adjourn. Some one moved to adjourn to 3 P. M. Mr. Randall's motion failed, by a tie vote, 31 to 31. He then suggested that several important committees, one of which had eight members of the Legislature upon it, were to sit in the *afternoon*, and ought to have the opportunity. The motion to adjourn to 3 P. M. failed. On motion of P. H. Smith, adjourned.

As I mail this, at 8 P. M., the train from the east, due at 1 P. M., is not yet in. We hope to hear of it before long. W. H. W.

Madison, Feb. 15, 1885.

Yesterday, by the Almanac, was Saint Valentine's day, supposed to be sacred to various serio-comic performances in the line of correspondence. Possibly the coldness of the atmosphere was unfavorable for the maneuvering of the diminutive mischief-makers who have been supposed hither*to to* fill the air with the *rustling of* their wings, themselves the while not possessing even the rudiments of garments, and therefore properly invisible; at all events they created little disturbance yesterday.

The train which left Milwaukee at 8 A M yesterday, reached here after some 28 hours' hard work, at about noon, to-day. The perseverance *of the* Company in keeping its road open deserves all praise.

In Senate this morning, bills were introduced as follows—

By Mr Loy—amending act organizing Door county; organizing town of Washington, Door county.

Sutherland—charter of Norwegian Clerical *Benevolent Association.*

Gibson—ferry charter on Chippewa river.

Bashford—amending act for relief of J Scott,

Resolutions—

Joint resolution from Assembly for a select committee to devise means for investigating affairs of the State officers, was *adopted.*

Joint resolution from Assembly in relation to depositing of *funds* by State treasurer—*adopted.*

Mr Dewey, from committee, reported a bill providing for removal of the Waupacca Co seat.

Bills passed—

Appropriation to J N Jones for postage, $68;

Conferring additional power on supervisors;

Changing name of Anna Mosely to Emma Carpenter;

Two mail route *memorials*;

Charter of Columbus Collegiate Institute.

The joint resolution calling for a change of the forms of action in civil suits was indefinitely postponed.

Senate went into committee on the Assembly bill *restricting* the sale of school and university lands. Mr Harvey offered a substitute embodying sundry *amendments offered* in the Senate — A long debate followed, and the Senate did not adjourn till late. The bill will probably pass the Senate substantially as it went from the House, only altered so as to allow the purchase of a larger quantity of pine lands by paying the *whole* of the purchase money down.

In Assembly, a communication from the State Historical Society was read *inviting* the members to have their daguerreotype taken for its collection.

Mr Davis presented a petition for a prohibitory Liquor law.

Mr Earnest offered a resolution calling for 2000 extra copies of the State Geologists Report. (It has not yet made its appearance, but is promised for next week.) *Adopted.*

Bills introduced:

By Mr Downs, for a state road—*passed.*

By Ramsey, amending an act concerning a dam on Milwaukee.

By Mr Griffin, exempting from toll persons going to or returning from church

By Mr Downs, legalizing the acts of school districts No 1 in Richland

Among the bills reported from committees was one by Mr Gary from the Banking Committee, of an important character It provides a penalty of $50, (to go to the poor fund of the county in which conviction is had) against the putting in circulation by any person or corporation of bank bills which are not authorized by some law of *some state of the Union*, or which are not redeemable in specie at the place where they purport to be issued, or which are at more than 3/8 per ct. discount in New York.

Mr Earnest called up the special order—the bill amending the charter of the Mil & Miss R R Co authorizing the Co to build a road from Janesville to the Mississippi, being the bill agreed *upon with the Southern Wisconsin R R Co.* Mr. Earnest stated that he understood that the opposition to the bill had been withdrawn, and hoped that immediate action would be *had upon* it. He moved to go into committee upon the bill. Carried, and the Assembly went into committee, Mr Ebbets in the chair.

The 1st section being read, Mr Taylor of *Grant*, moved *an* amendment providing the road shall strike the Mississippi "at or below Platte River." Mr Earnest and Mr Hull, in very brief remarks, opposed the amendment as only embarrassing the bill to no purpose, since the road was already located as desired. Mr Taylor will drew the amendment.

The 2d section being read, Mr Downs moved to strike out certain lines relative to the assessment of benefits and damages in getting the right of way. Messrs Hull, Earnest and Virgin opposed, while Mr Pratt favored the amendment. After a very brief discussion, Mr Downs said that *as the road* has already obtained its right of way, he had no desire to embarrass the passage of the bill and withdrew his amendment.

No amendment was offered to section 3.

Mr Love moved to amend section 4 by providing that the road should cross the Mineral Point road on the grade of the latter, unless the two companies should agree otherwise. Mr Earnest said that this would be unfair, since the Southern Wisconsin R R had already obtained its right of way and a deed of the ground before the other was located. *Mr Rose* said *that so far from* providing that one company should cross another's line on the same grade, the contrary course should be pursued, if any, in order to prevent accidents. Mr Virgin said that the adoption of the amendment would enable the Mineral Pt R R Co, to check the progress of this road, which he thought the mover did not desire to do.

The amendment was lost, and the bill read through.

Mr Hull now moved two amendments authorizing the Southern Wisconsin R R Co. to transfer its title, and the M & M R R Co to increase its capital stock to $8,000,000, which were carried.

The committee then rose. The two amendments were concurred in by the Assembly, and the rules *being suspended*, the bill *passed without opposition*. The amendments will be concurred in by the Senate, and this important bill becomes a law immediately.

The other bills are as follows:

Amending the charter of Milwaukee—(extending the limits.

Amending the charter of Fond du Lac

Charter of Wisconsin Land Oil Co.

Extending term of collecting taxes in Howard.

Authorizing a special tax in Lancaster.

Declaring Wolf River, Kewaunee Co., navigable.

For relief of school district in Viroqua

For relief of J H Williams.

Charter of Viroqua Hydraulic Co.

Authorizing supervisors of Platteville to regulate the width of roads.

One for a state road, and one mail route memorial.

Also appropriations as follows; T. S. Van Bergen $183 05; D S Divine $145 3[illegible], John White $897 50; S S Conover $82; [illegible] Chapman $36 78; S G Knight 10 41—total $[illegible]855,10, *coming* over from last year, and $7,500 *for* building and support of the State Deaf and Dumb Asylum for 1855.

In Committee of the Whole, 9 bills were disposed of, the only debate being upon a bill chartering the "U. or B. of R. Society" of the Lawrence University. Some members were very curious to know what the letters mean fearing that Sam was somewhere concealed in them; but if so, he was not discovered, and the bill went to an engrossment.

After the report was disposed of, Mr. Cooley moved to take up Mr. Gunn's resolution of instruction, but the members did not seem to understand the motion, and Mr. Van Nostrand moving to adjourn, the motion carried.

W. H. W.

The Lost Man.

Mr. Otto Menges who disappeared last Sunday and has not since been heard of, is 29 years old, about 5 feet 10 inches high, had light hair and beard. He had on when he left, a short, blue beaver coat, green pants, black plush cap and boots. *He had also* with him a double barrel shot gun, and other accoutrements for sporting. He started about 10 o'clock, A. M., saying he would go across to the 2d Lake.

Diligent search has been made for him. Yesterday some thirty men started and scoured the woods in that direction, but found no trace of him. A rumor that he had been found dead and *frozen*, was without foundation. His brother entertains fears that the worst has happened. The snow is deep in the woods, and he could not have travelled far without being exhausted. It is however, possible, and even probable, that he has sought refuge in some farm-house, or that he has wandered to a distance, and is safe. Any information concerning him will be gratefull received by his brother—A. Menges, Deputy Bank Compt'r. Our cotemporaries, here and elsewhere, are requested to insert the description above—

CITY MATTERS.

Police Court--Feb. 16.

BEFORE CLINTON WALWORTH ESQ. POLICE JUSTICE

Christopher Rosche was fined one dollar and costs for violating the Ordinance relating to sidewalks.

A City Warrant was issued against John C. Starkweather, charging him with violating the Ordinance relating to streets and sidewalks.

John C. Starkweather appeared to answer a complaint against him for not having cleared the snow from the sidewalks on Cass, between Mason and Division sts. Mr. Starkweather stated that he was neither the owner or occupant of the lots described in the complaint, they belonged to a man in Connecticut; a *nol pros.* was entered by the City Attorney.

The more we see of the city ordinance and its working, which relates to sidewalks—particularly that portion of it applicable to the clearing of snow *from* the sidewalks—the more we have become satisfied that it is unjust, little better than a farce. *That it works unjustly* is apparent to all who have examined it: The object of that part of the ordinance which relates to *clearing* snow from the sidewalks is meant to benefit the public pedestrians, and of course the owner *of the* lot also, he being a part of the public; and if the ordinance effected this purpose, *or if it was* calculated to effect it, then we would not for a moment *question* its efficacy, or the wisdom of those who passed it. But this purpose is not effected, and we cite the above case as an instance. Mr Starkweather is brought before the Police Justice on a warrant, charged with violating this ordinance. The complaint was made in good faith on the part of the officer, and it is answered in good nature by the defendant, and that answer was sufficient for the city attorney to enter a *nol. pros.*, and the def't goes home to mind his own business, and doubtless hopes that the city of Milwaukee will in future mind hers.

But how with the snow on the side-walk?—Why, it remains there, and the public have to wade through it, or go out into the middle of the street to find a chance to walk. Neither the owner or occupant of the lots can be reached by process from the Police Court, its jurisdiction not extending to the region of the Blue Laws—the snow still remains on the sidewalks, and it doubtless will remain until old Sol, by the "higher law," turns alderman and removes it.

Is this a just ordinance, or does it effect the purpose for which it was passed? We think not. We hope the common council will do something to amend or alter *this ordinance*, so that the streets can be made passable.

COMMON COUNCIL PROCEEDINGS.

After an interregnum of six weeks the Common Council succeeded in mustering a quorum on Thursday evening and transacted a variety of business. The following order was adopted, in reference to the approaching Charter Election:

Resolved, That the Clerk of this Board be, and he is hereby directed to cause a notice to be published in each of the Official papers of the city, that the annual election for city and ward officers will be held on Tuesday, the sixth day of March next, and that polls will be opened in the several wards at nine o'clock in the forenoon, and closed at five o'clock *in the afternoon*, at the following places, to-wit:

In the 1st ward at Best's Beer Hall;
" " 2d ward at Mansion House;
" " 3d ward at cor. of Detroit & Jefferson sts;
" " 4th ward at Engine house in said ward;
" " 5th ward at the Lake House.

A memorial was adopted, asking the Legislature to pass the House of Refuge bill. The Bridge Committee were authorized to repair Walker's Point Bridge forthwith. The City Treasurer was instructed to pay to the County Treasurer the actual amount collected for State *taxes* and no more—the latter, it seems, claims the full amount *levied*, whether it has been collected, or not. Notice was received that the M & M R R Company was *contesting*, in the Circuit Court, the right of the city to collect taxes on the *lots* and property of the Company. The matter was referred to the Judiciary Committee, with instructions to employ counsel to defend the suits.

ANNUAL CHARTER ELECTION.—The Annual Election for City and Ward Officers *takes place* on the first Tuesday, being the 6th of March next. The Officers to be chosen are Mayor, Marshal, Attorney, Treasurer, Comptroller, two Aldermen for each Ward, 1 for two years and 1 for one year; Assessors and Constables.

MASQUERADE BALL.—The second annual Masquerade Ball for the benefit of the English & German Academy of this city, comes off at Young's Hall on Tuesday evening next. It promises to be a very attractive entertainment. Great pains will be taken by the Committee of Management to render it so, and ensure a pleasant evening to all who attend. See their card in our advertising columns.

REAL ESTATE SALE.—Mr. Wall sold yesterday lot No 3, Block 94, on Marshall, between Biddle and Martin Streets (60 feet by 120), with frame tenement, for $3500.

THE SNOW-DEPOSITS.—We again urge our providing City Fathers to have the masses of snow which line the sides of our streets carted off and dumped upon the river. It can be done now with little labor and at small expense. But if the snow is left to thaw where it stands, it may do much mischief.

HABEAS CORPUS.—We heard yesterday that the counsel of John Hahn, were about to apply for a *habeas corpus* to obtain his discharge. It is claimed that the Commissioner, Mr. Ladue, had no authority to deprive a citizen of his liberty; that, that power cannot be delegated to a commissioner, but must be exercised by a Judge.

BUTCHER'S BALL.—The Butchers *Ball on* Thursday night was well attended and gave *great satisfaction*, the *dancing* was kept up till a late hour and the music, refreshments, &c., were all of excellent quality.

Broke Jail Again.

Two notorious convicts, Wood and Wilson, broke jail and made their escape from Waukesha on Thursday night. On the Saturday night previous they sawed their irons through, and on Sunday morning new ones were put on. After leaving Waukesha, they proceeded towards Milwaukee, and about three miles *this side of the* village, they broke open a barn and stole two horses, with which they came to this city. The horses were found on Chestnut street hill yesterday morning.

We understand that the sheriff of Waukesha had applied to the Board of *Supervisors of that* County for permission to have a night watch in the jail, but the Supervisors after inspecting the jail, thought it was needless—Wood and Wilson are two of the most desperate convicts known in the West, and there is little doubt that both are *murderers*. Every effort is being made to affect their recapture, and men are in pursuit of them in every direction. Their being desperate characters, only makes the officers more eager to catch them. Whenever taken, except the last time, in this city by our sheriff and his deputies, they have been found well armed and have made a desperate resistance. We hope they may be *recaptured*, and we trust that whoever may be the successful officer he will obtain the *first shot*, if necessary.

THE SNOW, THE MAILS, AND THE RAIL ROADS—The heaviest fall *of* snow that has been known here for many years occurred on Tuesday last.—It was quite damp and solid, and must have been nearly, or quite, eighteen *inches deep yesterday* morning, while in many places in the streets the *drifts* would measure three feet at least. A stratum of about three or four inches, next the ground was completely saturated with water, and might *appropriately* be termed slush. The cars due here at 9 o'clock, Tuesday evening, did not arrive until 11 o'clock yesterday. They were six hours in coming from Stoughton, *a distance of 16 miles*, a velocity of motion seldom attained except on the Valley Road at Fond du Lac. An eastern mail was received at noon yesterday, but we shall not look for another for some time.—*Madison Journal*, Feb. 15.

JAIL RENTED.—Our County Jail, after being tenantless *for months*, is at last occupied. This week it has been rented to one of the many families in town who have been long in want of a good house. It is proper to state, however, that the family are not prisoners, but merely tenants.—[Appleton Crescent.

WHEAT SALE.—Wm. Birge, of our village purchased a lot of 1800 bushels of bald red-chaff, winter wheat, raised by Mr. Noah Newell of our town, paying $1,33 per bushel, netting the producer the handsome amount of $2400, nearly.—A very fair interest, certainly, upon the value of a fifty-acre lot.—Whitewater Gazette.

WISCONSIN CENTRAL RAILROAD.—The contract, for grading, bridging, tying, and laying the track of this Road, from *Elkhorn* to *Jefferson*,—a distance of about 28 miles, was made; and the proper papers passed, between the contracting parties, viz: Selah Chamberlain, Alexander T. Graham, and Lawrence Graham, parties of the *first part*, and the *President* and *Directors* of *Wisconsin Central R. R.* parties of the second part, in this village, on Saturday last. The contractors are to have the Road in running condition, to Jefferson, on or before the 6th day of October, 1856; furnishing all materials for the road, excepting iron,—for which they are to receive $7000 per mile. Twenty five per cent of this amount, they take in Rail Road Stock, the balance 75 per cent. in cash.—Whitewater Gazette.

INJURY OF MR. *CHATFIELD*.—At six o'clock last evening, as the Hon. Levi S. Chatfield and Mr. Hiram Barney were passing up Broadway, standing upon the outside of a stage sleigh of the avenue line, when opposite Cortlandt street, they were met by an eight horse sleigh, the dash board of which struck Mr. Chatfield in the abdomen, prostrating him senseless on the ground. Mr. Barney was struck upon the shoulder, which was dislocated by the force of the blow, and he was prostrated. The collision was very violent, and Mr. Chatfield was carried to his house in Lexington avenue, seriously and dangerously injured.—N. Y. Herald, 10th.

A STRANGE THING.

Falsehood in these days is not strange. Imposition and fraud are not strange. But honesty and truth, especially in speculative business are wonderful. For this reason, DR. A. L. ADAMS' LIVER BALSAM is fixing the gaze of thousands upon its sure, unvarying and surprising effects in the removal of disease. It promises and fulfills. It promotes excretion in unison with nature's own efforts, and thus expels the very impurities which, being retained, generate disease. This compound is considered by those who have used it the greatest medical discovery known. Its praise is declared from the North the South, and from the East to the West. *It is true! It is true!*

Guarantee Fund, $100,000, *Deposited with the Comptroller of the State of New York.*

The advantages offered by this Company are many, and the public are invited to call upon the Agent and make themselves acquainted with the System adopted by the Company, when they will be better able to decide whether Life Insurance is desirable or not, and at what Office it is their interest to Insure.

The many reasons why Fire and Marine Insurance should be adopted, are incontrovertible; and Life Insurance, while it in no way interferes with, or undervalues these *important* institutions, has claims which no other system of insurance can have. Human existence must on consideration, enjoy a much higher estimation than worldly property.

While the representative of a family lives, (although, through neglect to insure his *property*, he becomes bankrupt,) he supports his family; but at his *death*, disease their means of support, unless he has saved them from want by an insurance on his life, which may be done by the payment of a small annual premium, the payment of which has not diminished his own worldly comforts during life.

If young, the annual payment will be light, and if insured with profits, the policy will be constantly growing more valuable, though the *premium* is not increased.

Clergymen and others who have a stated and regular income, *should insure*, well knowing that, at their death their families may be left destitute,

Men engaged in mercantile or manufacturing pursuits ever varying and uncertain in their issues, *should insure.*

The farmer *who has still a mortgage* on his farm, *should insure*, at least to the extent of it, thereby enabling his family to pay off the debt in case of his death.

All other claims against the Company are small, such only as printing, &c.

Agents instructed to take no risk over $10,000.

The amount insured in any city, town or village, depends on the character, material and construction of buildings, the width of streets, the supply of water, condition of the fire department, and other circumstances.

The amount insured in blocks of buildings varies; the design is to limit the loss by any one fire, to $10,000 or less.

The act of incorporation is the same as filed in July, 1854. THOS. A. ALEXANDER, Secretary.

STATE OF CONNECTICUT, } ss *Hartford, January*, 1855.
Hartford County, }

Personally appeared THOMAS A. ALEXANDER, Secretary of the Ætna Insurance Company, and made oath that the foregoing statement, by him subscribed, is true according to his best knowledge and belief.

HENRY FOWLER, Justice of the Peace.

All that have property to insure, will please inspect and scrutinize the preceding reliable expose of this old and long tried Corporation. For usefulness, security and promptitude, it has ever stood first in Ratios of transactions—and for ability and means will attract the attention of the insuring public to confirm their confidence in it. The statement is so prepared any one can contrast its condition with local and State Insurance offices, if so disposed. Its investments are of that solid character as not to be materially affected by the late depression in the value of assets.

The increase of its capital stock to $500,000, has been done as investment for the pledge and security of its policies.

The necessity and real benefits of insurance are well exemplified in the fact the company has paid cash losses during the past year, at its Western Branch office alone, (in Cincinnati), to the sum of $246,500 00, most of which has been paid considerably in advance of the time legally due, and it has had no suit or litigation. If all or any of these facts are inducements to the continuance of its valuable patronage, or its increase, *they will find its agents* ever ready to attend to the demands of business as heretofore, with promptitude, at as favorable rates and terms, as security to all permits.

Spring Street, Opposite the American House,
A NEW
PIANO FORTE WARE-ROOM!

Where he will keep on hand a good assortment of the celebrated

AMERICAN ACTION PIANO FORTES,

Manufactured by GEORGE HEWS of Boston, Mass

The Patent American Action Piano Forte is distinguished for its great fullness, richness and sweetness of tone, evenness of scale, and delicacy of touch. The improvement in the Action renders it less liable to derangement, and also greatly facilitates execution. Numerous medals, diplomas and certificates have been received from various fairs and industrial exhibitions in different cities of the Union, from the World's Fair at London, and flattering testimonials from the profession, residents of Boston and elsewhere, among which are the following

From the illustrious Pianist, L M GOTTSCHALK, to Mr Hews, Agent at New York

NEW YORK, Dec 5, 1842

MR J CURTISS—

Dear Sir Having had the pleasure of performing upon Geo Hews' American Action Piano at the World's Fair in this city the present year, and other of his Pianos at your Wareroom, which afforded me much gratification, I cheerfully recommend them to the public. I am very glad of the improvement in the action. These instruments likewise are of excellent tone, owing, no doubt, to the perfection of the scales.

Very Respectfully, L M GOTTSCHALK

From the distinguished Pianist, WILLIAM MASON

MR HEWS—Having repeatedly played upon the Piano Forte manufactured by you, with the American Action, I am free to acknowledge, that for certainty and elasticity of action, power, purity and equality of tone, I have never seen them surpassed in the square Piano Forte

WILLIAM MASON

Purchasers and lovers of music in general, are respectfully invited to call and examine these instruments. These Pianos will be sold at Boston prices, and warranted to give satisfaction in every respect

Veto of the French Spoliation Bill.

Counterfeiter Arrested.

[SPECIAL DESPATCH TO THE SENTINEL.]

CHICAGO, Feb 16th.

Deputy Sheriff Buckley arrested yesterday, a man named Nelson Driggs, and found over $30,000 altered and counterfeit money on him, of all denominations on various Banks South and East, and also of this State, some incomplete and some ready for issue.

Congressional.

[EXCLUSIVELY FOR THE SENTINEL.]

WASHINGTON, Feb 15th.

HOUSE.—A lengthy debate took place on Mr. Olds amendment, appropriating $885,000 for transporting mails from New York to Liverpool and back and repealing that part of Deficiency Bill of 1850 which directs Sec'y of Navy to give notice to terminate arrangement for additional allowance to the Collins line. Without disposing of the matter, House adjourned.

SENATE.—After some debate, the Pacific Rail Road bill was taken up and discussed till adjournment.

Evening Despatch.

[EXCLUSIVELY FOR THE SENTINEL]

News from Havana.

Great Excitement—More Arrests.

CHARLESTON, Feb 15

Steamer *Isabel* arrived to-day with Havana dates to 10th. Great excitement existed at Havana in consequence of discovery of plot to assassinate the Captain General Don Romano Pinto, and 340 other prominent citizens had been arrested. Also the Governor of Matanzas, the principal citizen of Trinidad and Senor Marti, Director of the Opera. The descent of General Quitman on the island with a strong force, was greatly feared.

Editors in Trouble

New York, Feb 16.

Judge McCarthy, of the Marine Court, issued an order to-day, directing Editors and Proprietors of the N Y, Daily *Times*, to show why they should not be committed for contempt of Court, for an article in the paper reflecting on such Court.

Lord John Russell's Resignation.

New York, Feb 16,

The *Liverpool Journal* of the 3d has the following

We have received the following by Electric Telegraph from a gentleman in London on whose veracity we can rely. The real cause of Lord John Russell's resignation is now known. His Lordship and Lord Palmerston urged on their colleague the absolute necessity of recalling Lord Raglan at once. The Earl of Aberdeen would not consent—the Queen and Prince Albert were opposed to such a proceeding and Lord John despairing of success in the Crimea while the army was in command of Lord Raglan, forced a crisis by resigning. Lord Palmerston still insists upon the recall of Lord Raglan. Hence his refusal to join Lord Derby. The Earl of Clarendon will be proposed for Premier. He will be able to form a ministry and is the only one who can.

Robbery of Gold

New York, Feb 16

It was discovered yesterday that two boxes of gold (some $50,000) shipped by the Northern Light and consigned to Page, Bacon & Co., had been robbed of the contents, probably on the Isthmus, and a quantity of iron substituted.—The robbery was most adroitly committed.

The Police made a descent yesterday upon an establishment in Broadway, known as Dasball & Co's National Gift Enterprise office and took possession of a large number of tickets and other property of the concern. The proprietors and agents were out of the way. It is said that parties interested have realized over $30 000. Dasball & Co have an existence only in the name, and the National Gift Enterprise is as airy as the firm.

LOSS OF GOLD CERTIFICATES.—$18 500 in specie certificates, issued by the Bank of America to the associated Banks of this city, were lost yesterday by a clerk in the Bank of the Commonwealth, on his way from Irving House to the Bank.

Fears for the Safety of the Decatur—Probability of a Veto—Withdrawal of a Nomination.

Special Dispatch to the New York Daily Times

Washington, Feb 8

Distressing fears are entertained for the safety of the sloop-of-war *Decatur*, which left Rio Janeiro September 8, for Valparaiso.

Foreshadowings of a veto on the French Spoliation bill accumulate. That it will come is generally conceded.

The President to-day, *withdrew* from the Senate the name John B Miller nominated as Secretary of Legation to Lima, Peru. Strong objection has been made to him by Douglas and others, because he is an Anti-Nebraska man!

DISTRESSING.—The wife and infant child of Mr Wm. E Grigsey, living a short distance out of this village, met with a painful accident on Tuesday morning last. The former was about rising from a seat by the stove with the child in her arms, when she fainted and fell, her face lodging against the stove, at the same time overturning a pan of boiling water which fell partly upon herself, but principally upon the child—she was removed almost instantly from the position in which she fell. Her face was terribly burned, and the side of her head and neck severely scalded by the effects of the hot water and steam arising therefrom on the stove. The child is horribly scalded by the hot water and steam, in many parts of its body, head and limbs. We learn that both are in a fair way of speedy recovery.—[Potosi Republican

The Legislature.

The business of the session progresses steadily onward, and an early adjournment is anticipated. Investigating committees are busily at work, but the magnitude of the subjects coming under their attention, is far beyond the time they have to spare. This will be apparent when it is stated that there is scarcely a single table or figure in any of the reports from the Department, not wholly inaccurate and contradictory, and that in their present shape, there is no means of getting any reliable information as to the condition of the finances or any other matter of general interest, necessary to be known to insure safe Legislation. This has necessarily detained business some, yet for this very detention, they are censured by the Governor, and the Balance press. The firmness of purpose to explore public affairs cannot but command public thanks and general respect.—[Madison Patriot, (dem)

DEATH OF DAVID TEMPLE.—We perform a melancholy duty in announcing the death of our respected fellow-citizen, David Temple. He died at his residence on Wednesday, the 6th inst after an illness of three or four weeks. The exact nature of his disease we have not learned.—He was first attacked with inflammatory rheumatism, but the immediate cause of his death is supposed to have been an abscess of the stomach.

Mr. Temple removed to this town in 1838, and soon afterward purchased the "claim" to the quarter section of land upon which he has since resided, at the foot of the rapids at the lower water power in this city. It was supposed at that time that Rock River was navigable for steamboats as high up as the rapids in question, and that at that point a town of importance must necessarily spring up. Hence a 'fancy price' was asked and paid for the 'claim.' A small steamboat was actually built at Aztalan, about that time, ostensibly designed for the river trade, and for that reason the enterprise was liberally contributed to by the citizens along the river; but it found its way into the Mississippi soon after it was launched, and never afterward visited the waters of the Rock.

We believe Mr Temple erected the house in which he died in 1838. It was constructed of hewn logs and was clapboarded on the outside and lathed and plastered on the inside. It was a theme of comment far and near among the early settlers, having been regarded at that time as the best dwelling house in the county.

Mr Temple was an estimable citizen and a kind husband and father. The intelligence of his death was received with surprise by all our citizens, and the deep sensation which it produced, proved how strong was the hold which he had upon their regard. His age was 52. A widow and four children survive him.—[Watertown Chronicle.

WE BEG TO CALL THE ATTENTION OF DEALERS in Clothing, &c., about to visit New York this season, to our very large stock of

SPRING AND SUMMER CLOTHING,

As we feel assured they will find it, from its extent, variety, style, and cheapness, well worthy of their consideration.

Whilst the disposition of our manufacturers this season has been to greatly reduce their stocks, we have availed ourselves of the advantages of a low market for goods and labor, to manufacture a much larger stock than we have ever done, which, consequently, we will be enabled to offer at remarkably low prices.

We would respectfully invite an examination.

FireKing Safe, again Triumphant.

$1,000 will be paid, if reliable evidence is shown where they ever failed to protect valuable from Fire, where as other makers' Safes have proved worthless in various accidental and experimental tests, some of which occurred recently

Read the following from Messrs A McClure & Co, wholesale and extensive dealers in Drugs Medicines, &c
ALBANY, July 27, 1852

This is to certify, that on the 23d day of July, 1852, our entire Stock, composed of Turpentine, Alcohol, Oil, Patent Medicines, &c, was consumed by fire, so rapid and severe was the fire that we were unable to close one safe until Mr Pohlman subsequently entered at the peril of his life and closed the doors

After forcing the safe open after all this exposure and fire, which made us so careful for the safety of its contents, its valuables were found uninjured

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced

ALBANY, Dec 19, 1852

This is to certify, that on the 7th day of May, 1851, I purchased of J McB Davidson, No 7, single flange Safe, and that the same was subjected to a severe test on the 18th of December, 1851 After the fire was extinguished, its contents (books and papers,) were examined and found to be perfectly preserved—not a leaf of my books being scorched

MEXICAN MUSTANG LINIMENT.

THIS EXTRAORDINARY MEDICINE IS STILL working wonders throughout the World—eradicating everything in the form of disease that comes within the circle of its influence

The People Themselves

have long since adopted it as the only external remedy they could rely upon, and the indisputable testimony of thousands is fast sweeping away

The Prejudices of the Faculty.

It is extensively used by the Ladies
It is used by Mechanics and Laboring men
It is used in families and factories,
It is used expressly by all Express Companies,
It is used by Farmers and Livery stable keepers,
It is used by everybody, and all speak in its praise
Where it is used, pain cannot exist,
The benumbed limbs are made elastic,
The deep ulcers and frightful sores are healed,
The unstrung nerves are made to vibrate with joy!

Use the Mustang Liniment

is the spontaneous advice of all

It has cured more cases of

Rheumatism

than any other medicine ever used Its efficacy in this terrible disease is acknowledged by all who have used it It not only cures the complaint but appears to give vigor and elasticity to the limbs, before unknown—thus *performing a double office*

For contractions of the limbs, stiffness of the joints and muscles, hard lumps swellings and inflammation it is unrivalled in the power and efficacy of its operations

For Bruises, Sprains, Cuts, Scalds and Burns but a few applications are necessary in order to effect a total cure

Cancer, or Scrofulous Sores, Tetter, Ringworms, Salt Rheum, Scurvy, Erysipelas, Boils, and Eruptions,

can generally be removed in a few days and the worst cases can be cured in a few weeks at the farthest Persons afflicted with these diseases, should be careful in getting the right article to cure them

Use it upon Your Horse ,

for spavin, splint, ring bone fistula, wind galls big head, bruises, strains, string halt, scratches, cracked heels, sweeny, saddle, collar, or harness galls, hard lump or tumors film or other diseases of the eye, poll evil, &c

The finest horses in the city of New York will be found in the stables of the various Express Companies—and they all use

The Mustang Liniment

totally discarding any other preparations of the kind, and have all given their certificate in its favor

This we presume will be a sufficient guarantee to induce every one who owns a horse, to give the Mustang a trial

THERE is no Druggist or Country Store keeper
Who pretends to keep medicine at all,
But what keeps a constant supply of the
Mexican Mustang Liniment.

The small size retail for 25 cents per bottle,
The medium sized retail for 50 cents per bottle,
The large sized retail for one dollar per bottle,
The medium hold three times as much as the small
The large holds nearly three times as much as the medium,
Therefore the largest bottles are the cheapest

CHERRY PECTORAL,

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

AMONG the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyments, and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following, and refer further enquiry to my American Almanac, which the Agents below named, will always be pleased to furnish free, wherein are all particulars, and indisputable proof of these statements

Office of Transportation Laurens R R, S C, Aug 1, '53

DR J C AYER Dear Sir —My little son, four years old, has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten, and every person that visited him pronounced him a dead child Having used your CHERRY PECTORAL, in California, in the winter of 1850, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy I gave him a teaspoonful every three hours, commencing in the morning, and by 10 o'clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent For all affections of the Throat and Lungs I believe it is the best medicine extant A feeling of the deepest gratitude prompts me in addressing you these lines—but for your important discovery, my little boy would now have been in another world

I am yours, with great respect
J D POWELL, Supt Trans., L R R

Rocky Hill, Somerset Co, N J, July 21, 1852

DR J C AYER —Since your medicine has become known here it has a greater demand than any other cough remedy we have ever sold It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say of it is not too much for the good it has done I take pleasure in selling it because I know that I am giving my customers the worth of their money and I feel gratified in seeing the benefit it confers

Please send me a further supply and believe me
Yours, with respect, JOHN C WHITLOCK.

P S —Almost any number of certificates can be sent you if you wish it

Windsor, C W, June 26 1852

DR J C AYER—Sir —This may certify that I have used your CHERRY PECTORAL for upwards of one year, and it is my sincere belief that I should have been in my grave ere this time if I had not It has cured me of a dangerous affection of the lungs, and I do not overstate my convictions when I tell you it is a priceless remedy

Yours very respectfully,
D A McCLURE, Attorney at Law

Wilkesbarre, Pa, Sept 22 1850

DR J C AYER—My dear sir —Your medicine is much approved by those who have used it here, and its composition is such as to insure and maintain its reputation I invariably recommend it for pulmonary affections, as do many of our principal physicians I am your friend,

MEDICATED INHALATION

A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation Dr CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man—It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession [See certificates in hands of Agents]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine Here is a case of

ASTHMA CURED.

BROOKLYN, N Y, Dec. 20th, 1853

For about eight years I have been severely afflicted with the Asthma for the last two years I have suffered beyond all my powers of description, months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair My difficulty of breathing, and my sufferings, were so great at times that for hours together my friends expected each hour would be my last During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief I at length had the good fortune to procure Dr Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffering for want of breath In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT

CONSUMPTION CURED.

NEW YORK, Dec 27th, 1853.

I came to New York in the ship Telegraph my native place is St John, New Brunswick; when I reached this city, my health was very poor, had a very bad cough, raised a great deal of matter, which was frequently mixed with blood, had pain in my left side, and was very weak and emaciated My friends and physicians pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life.—Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured, I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it

WITH HIS CELEBRATED

HYGEN & OXYGENIC VAPOR!

DR TRIST, Graduate of the Royal College of Surgeons in London, and the recipient of diplomas from the *Lung Institution of Edinburgh*, and *Hotel des Invalides of Paris*, having settled permanently in New York for the practice of his profession begs leave to suggest to the citizens of the United States that several years of study and *successful experiments* in England and Scotland, as well as other parts of Europe, with *Consumption in all its forms*, enable him to warrant, not only relief, but a *complete cure* to all those suffering with this great national disease.

Dr TRIST deems it unprofessional to advertise, but others having represented themselves as the originators of the Inhalation Treatment he would say to the afflicted that he alone is entitled to credit [illegible] and would caution all against using the useless and dangerous compounds advertised by incompetent persons

"*Take up thy bed and walk*"

Dr TRIST would say to those interested that he has had manufactured for the use of his patrons, his "*Patent Inhaling Tubes,*" through which the Vapor is conveyed to the parts affected, and which he earnestly commends for the cheering results which have attended their use, and the *fact* that they may be used by the most feeble invalid without any unpleasant symptoms

To those residing out of the city, Dr Trist will forward one of the Inhaling Tubes, together with a package of the Vapor, sufficient to last for three months, accompanied with ample directions for use, on receipt of a letter containing Ten Dollars, and describing symptoms

A cure is warranted in all stages of *Consumption, Bronchitis Asthma*, and all other *affections of the Throat, Lungs and Air Passages.* In case of failure, the money will be returned
